

Behind the Scenes

The Bristol Proms at the Old Vic, Bristol

With less than a week before the event, we were tasked with a technical and logistical challenge to film the Bristol Proms. Here's how we did it:

Key project requirements:

- Trickbox[®] flyaway
- Overnight rig
- 8 Sony HDC-1500 cameras
- 3 remote pan and tilt heads
- Towercam on stage
- Dolby Atmos audio
