

Behind the Scenes Coverage of League of Legends

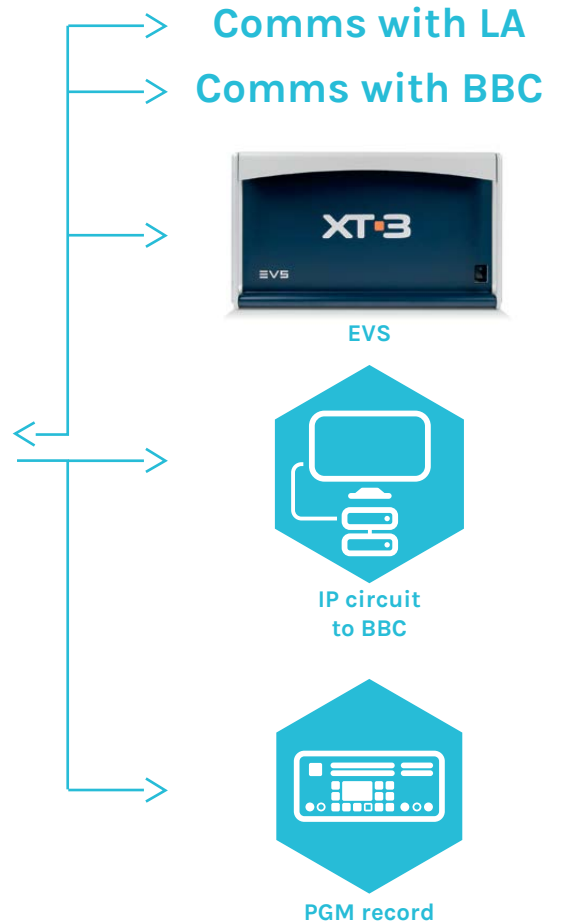

This live event was broadcast via IP and streamed to online channels. Here's how we did it:

Incoming host feeds

TRICKBOX^{TV} PPU

Key project requirements:

- Trickbox[®] flyaway
- 2 Sony HDC-1500 cameras
- 3 host feeds
- 6 channel EVS
- IP comms circuit to BBC Salford
- Streamed live to the BBC website
